

CLOUD MIGRATION IS EASY AND SECURE WITH C-VEN TECHNOLOGIES SOLUTIONS

Choose one of our solutions according to your needs and let us guide you in your digital transformation process.

Microsoft
Partner

ADVANCED
SPECIALIZATION

Windows Server & SQL
Server Migration to
Microsoft Azure

AZURE CLOUD MIGRATION SERVER/DATABASE

1 to 10 SQL DB/VM

EVALUATION + IMPLEMENTATION + MIGRATION

Assesment with intelligent tool

Azure On-premises DB-to-DB Mobility and
Compatibility Review

Diagnosis and recommendation of storage
procedures

Azure Component and Initial Configuration
Services Provisioning

Database or Server Migration

Testing of functionalities, access, resource
consumption and security

Carbon footprint impact analysis with
migration from premises to cloud (optional)

Implementation times are proportional to the
number of VMs/Database to be implemented

US\$ 299.00

PER VM*

AZURE CLOUD MIGRATION APPLICATIONS

1 to 10s / Applications

EVALUATION + IMPLEMENTATION + MIGRATION

Assesment with intelligent tool

Azure Execution Diagnostics

Diagnosis and Implementation of application
tests, functionalities and Security

Azure Component and Initial Configuration
Services Provisioning

Carbon footprint impact analysis with
migration from premises to cloud (optional)

Implementation times are proportional to the
number of applications

US\$ 3,299.00

PER APP*
